Vera Cruz, Oct. 16---Evident preparations on the part of a detachment of men under General Aguilar for an attack last night on the American outposts around Vera Cruz have resulted in the strengthening of the American lines. Aguilar's entire force is estimated between 4,000 and 6,000 men with several pieces of artillery. It is reported in Vera Cruz that Aguilar has made a wager that he will take breakfast in this city next Sunday.

SILENT AGENT OF WAR PIERCES SIDE OF BRITISH IRON-CLAD WHICH FOUNDERS IN THE NORTH SEA

7TH BRITISH CRUISER DESTROYED BY DEADLY GERMAN SUBMARINE

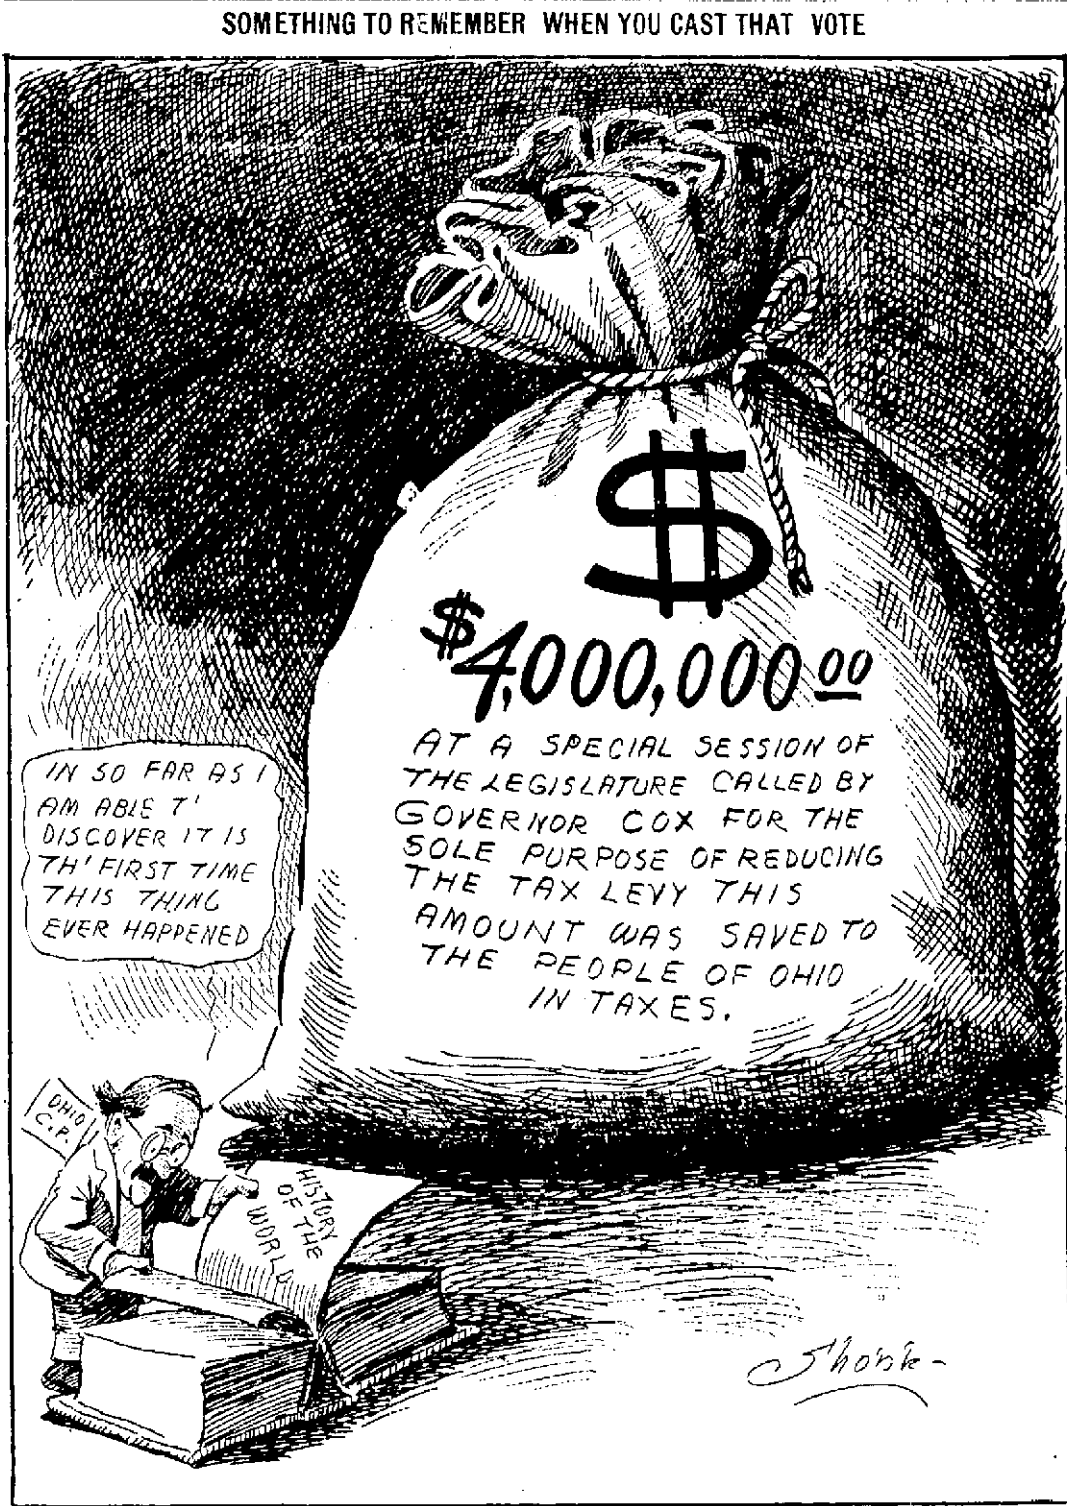

BULLETINS
London, Oct. 16. (12:10) The British Cruiser Hawke has been sunk in the North Sea by a German submarine. Out of a crew of 400 men, 52 were saved.
London, Oct. 16. (12:15)---The statement that the British Cruiser Hawke has been torpedoed and sunk in the North Sea has been officially confirmed.
London, Oct. 16.---Another thrust from the German submarine service has robbed the British navy of the Cruiser Hawke and has raised the tally on their warships sunk by the Germans to seven. To this must be added the virtual destruction of the Cruiser Pegasus by a German warship at Zanzibar.
The Hawke, a cruiser of 7,360 tons, under command of Captain Hugh Williams was sunk yesterday in the North Sea, the graveyard of six other warships which were the victims of German torpedoes.
It was only bad aim on the part of the German gunner which saved the Hawke's sister ship, the Theseus, and the doubling of yesterday's disaster for that vessel too was attacked, but she escaped.

The exact complement aboard the Hawke has not been announced but in ordinary times the men number 550. As she was built several years ago it is probable that her crew was not up to the full complement. According to one report she had only 400 aboard. Whatever the number only 52 men were saved and there was not a single commissioned officer among them.
Comparison of Sea Losses
The Cruisers Amphion, Pathfinder, Aboukir, Crossed, Hogue, Pegasus, and Hawke, and the Torpedo Boat Destroyer Speddy make up the British formidable list of losses in warships in the first ten weeks of the war. Against this the British Admiralty claims four German cruisers, two torpedo boat destroyers, one torpedo boat, three submarines and eight armed commerce destroyers.
Outfitting the armed merchantmen, the aggregate warship tonnage loss to England is, of course, much greater than that to Germany.
In both cases the lost ships with the exception of the Cruiser Amphion and the submarines were older craft used for scouting purposes, the ships intended for the sterner work of a fleet action being held in safer water for the day when Germany elects to sally from behind her naval base of Helgoland.
According to reports received here from Berlin, Germany expects British dreadnaughts to play a part in the defense of Ostend. Nothing else at the present moment seems available to keep the invaders out of the Belgian port of course, events further south will decide the ultimate action with regard to Ostend.

Report Of The Admiralty
London, Oct. 16. (12:20 p. m.) The Admiralty has given out the following announcement concerning the loss of the Cruiser Hawke:
His Majesty's ship Theseus, Captain H. P. E. T. Williams, was torpedoed by a submarine in the Northern waters of the North Sea yesterday afternoon but was missed. His Majesty's ship Hawke, Captain H. P. E. T. Williams was attacked about the same time and sunk.
The following officers with 49 men of the crew have been landed at Aberdeen from a trawler: Boatswain Sidney Austin, gunner John Dennis and acting gunner Harry Eddis. The remaining officers and men are missing. Further particulars will be published as soon as available. The Hawke was a cruiser built in 1889.
The Hawke is the British cruiser which collided with the White Star liner Olympic September 20, 1911, near Osborne Bay, on the north side of the Isle of Wight. She received serious damage.

GERMANS TAKE TOWN ON ENGLISH CHANNEL, 10 MILES OF OSTEND

BULLETIN
London, Oct. 16---A Central News dispatch from Amsterdam says that fugitives who have arrived at the Dutch frontier declare that Ostend has fallen into the hands of the Germans.
London, Oct. 16. (10:15 a. m.)---As was the case just a week ago with Antwerp, so it was today with Ostend. That is to say, its occupation by a German army is momentarily expected. Ostend being directly across the channel from England almost opposite the mouth of the Thames, Britons centered their gaze there regardless of whether or not the taking of the city would mean much from a military standpoint or hasten or protract the great war now in its seventy-third day.

Germans Nearing Ostend
The latest news available in London early today said the Germans were within 10 miles of the city, having occupied Blankenberghe, a small town on the Belgian coast about 10 miles north-east of Ostend and connected there by steam tramways. Thus it seemed that the taking of the popular seaside resort by the invaders was a foregone conclusion within 24 hours, if not already effected as this is written and the news delayed as it was when the forts at Antwerp fell before the terrible fire of the German siege guns.
The last of the refugees have come from Ostend and steamer services between that city and England has been suspended until further notice. Thousands already have reached the British Isles adding to the multitude of unwillingly ex-patriated Belgians which the German invasion of their country has created.
English Belittles Victory
The British press today is inclined to class the taking of Ostend with that of Antwerp. In other words they concede it would be moral and spectacular victory for the Germans, but of no great strategic significance. Whether this be so, future events only can show, but the British contention is that with the sea blocking the German right it loses a weapon heretofore effectively used.
It is pointed out that the chief successes the Germans have attained in the past have been derived from the tactics of envelopment. The channel barrier now prevents this and a decisive blow from the Germans, it is argued, can be delivered only after the allied front has been penetrated.

German Line Without Flanks
The arrival of the Germans near Ostend, however, straightens out their line in Belgium so that it now runs almost due south-east. (Continued On Page 2.)

FRENCH WAR STATEMENT

Paris, Oct. 16. (2:45 P. M.) The French war office made an official announcement this afternoon as follows:
The progress indicated in the communication of yesterday has been confirmed.
On our left wing the field of action of the allies forces extend at the present time from the region of Ypres to the sea.
In Russia on the left bank of the Vistula river, the Russian troops during the day of October 14, repulsed the German attacks on Warsaw and Ivangorod.
A battle is going on south of Przemyśl.

BIG DEMOCRATIC RALLY AT THE CLUB TONIGHT

Atty. Gen. Hogan And Others Will Speak

Attorney General Hogan, Democratic candidate for U. S. Senator will wind up an eventful afternoon's campaigning through the eastern and southern sections of Scioto county with a meeting at "The Club" auditorium, Fourth and Court streets, at 8 o'clock this evening.

He and his party will arrive in Portsmouth about 7:30 o'clock from New Boston, where he will be the principal speaker at a meeting scheduled for 6:30 o'clock.

Mr. Hogan was met at the N. introduced to the Lucasville audience by Mr. Inman, who left immediately in an automobile for Harrisonville to open the meeting there.

A large crowd had gathered by 7 o'clock Friday morning to accompany him on his tour. From the train the distinguished speaker was escorted to the Lucasville House at Lucasville where dinner was served the entire party.

At 1 o'clock, the day's campaigning was opened with an open-air meeting at Lucasville, near the Grand and Appleton streets. Mr. W. A. Inman of this city, candidate for congress, opened the meeting with a brief address, in which he outlined the platform on which he was campaigning for congress. He reiterated his hearty support of the national administration, and pledged himself to support President Wilson and his policies, always having the interests of his constituents uppermost in mind.

Attorney General Hogan was introduced to the audience by Mr. Inman, who made a good impression with his audience.

From Lucasville, Mr. Hogan was driven to Harrisonville, where Mr. Inman was addressing a large crowd of rural voters. Mr. Hogan promptly gave way to the Senatorial candidate, and proceeded to Harrisonville the next day.

Mr. Hogan delivered practically the same message at Harrisonville as he did at Lucasville, and was warmly greeted.

From Harrisonville, he will be driven to Sonterville, where he was scheduled to deliver a speech at 4:30 o'clock. Wheelersburg is the next stop, the meeting being scheduled for 1:30 o'clock, followed by supper for the entire party at the Baker House.

The last stop before coming to Portsmouth will be at New Boston, where Mr. Inman and Mr. Hogan will address a meeting, to be held at 6:30 o'clock.

At New Boston, the party will leave the automobiles, and proceed to this city on the street car on account of the bad condition of the Gallia pike.

They will be met at the government square by a committee of Democratic leaders, who will be accompanied by the River City Band. The band will render a concert at 7:40 o'clock, and later ahead the procession of speakers and candidates to "The Club" auditorium. All arrangements for the meeting have been completed, and the hall presents an attractive appearance.

Mr. Inman will be the first speaker on the program, followed by Attorney General Hogan.

Those from this city who accompanied Mr. Hogan on his afternoon speaking tour were Mr. W. A. Inman, candidate for congress, Chairman Horace J. Small, Tax Assessor John R. Hughes, David Stahler, Joseph Switkowski, C. M. Sperry, John Jones, John Inman, Jackson Crisp, T. J. Cox, H. Stanley, Mr. Call, Vallee Harold, Wm. Bonnell and J. S. Violet. They were joined enroute by Geo. Schneider, George Race and others.

YOU CAN'T BRUSH OR WASH OUT DANDRUFF

The Simplest and Quickest Way is To Dissolve It.

The only sure way to get rid of dandruff is to dissolve it, then you destroy it. To do this, get about four ounces of ordinary liquid arsenic apply it night when retiring, are enough to get on the scalp and rub it in gently with the finger tips.

By this method, and by morning most of the dandruff will be gone. A change of four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and scaling of the scalp will stop at once, your hair will be fluffier, stronger, silkier and softer and look and feel much better.

If you want to preserve your hair, do it means get rid of dandruff, for dandruff destroys the hair more quickly than any other scalp disease. It makes it fall out, and makes it brittle and lifeless, and even causes it to turn gray. You can get liquid arsenic at any drug store. It is inexpensive and never fails to do the work.

ALLIES ADVANCE ON GERMANS' LEFT WING ON LORRAINE BORDER

Paris, Oct. 16. (AP) The steady hammering of the allies on the German left wing of the French battle front has brought them almost within cannon range of the forts at Metz. In spite of this menace part of the German Crown Prince's army hangs on doggedly to the positions it has taken on the Meuse near St. Mihiel. The fighting on this end of the long battle line is said to have been desperate on the part of both sides during the past week though overshadowed for the time by the operations on the allies' left. More important developments, however, are looked for between the Meuse and the Moselle while the battle of the four rivers goes on in the west.

In the early days of the war the Germans seemed to have advantage of the allies in the equipment and handling of machine guns. In this hilly, wooded country the French have shown that they can also use them with great effect. The German rush through the Argonne forest as well as in the hills of Woerthe, met with a telling fire of gatlings from five tops where guns were so cleverly concealed that it was impossible to detect them and every effort to regain lost ground cost dearly and failed. The French Alpine contingent distinguished itself in this rough country.

The French are now in possession of the route from Nancy to Metz as far as Dugny, on the Lorraine border and menace the route from Verdun to Metz in the neighborhood of Etain, endangering communications of the Crown Prince's army with the German fortified camp.

Resides the Chasseurs, the 149th French infantry, has covered itself with glory. After taking a village at the point of the bayonet the infantrymen were obliged to abandon the place because of a murderous artillery fire. They went back to the attack on the following day.

An official telegram received this morning at the French embassy states that there is no truth in the report from German sources that close to Rheims cathedral two French heavy batteries have been located and light signals from one tower of the cathedral have been observed.

It seems from the spreading this report that it has come to the knowledge of the Germans that the destruction of the cathedral has been less thorough than they contemplated. This hint to perfect their work, placing as usual the blame on the sufferers.

Found Not Guilty

A special jury in Squire John Byron's court Friday afternoon returned a verdict of not guilty in the cases of John Summers, Frank Emmett and Alfred Emmett, local young men charged with dynamiting the waters of the Little Scioto river on May 10, last for the purpose of securing fish. The trio were arrested on a warrant sworn out by F. M. Cherrington, deputy game warden for Scioto county.

The case was prosecuted by the state, represented by Attorney Harry Ball, while the three young men were defended by Attorney N. B. Gilliland. The jury decided that the evidence was insufficient to warrant a conviction.

HEARTS FULL OF PRAISE

The Bi-Chemie Doctors are proud at the hands of these eminent men, of the record which has been made. And these have been given a new lease on life, so to speak, by having the system of treatment made plain to men and women, have been brought back to health and happiness since these great specialists representing the different schools of medicine established one of the most successful methods here.

On account not only of the wonderful success they have had in curing chronic and despondent diseases, but also owing to their home treatment, the Bi-Chemie Doctors by means of this more perfect and more humane system of medicine, have gained many friends in this country of the same, on all sides, we hear words of praise and commendation by the people for the most generous offer by these great specialists has been rendered and will continue for a few weeks longer, in order to enable all who have been unable to cure themselves to go to the Bi-Chemie Doctors. A few of these have been made public by the writers. No obligations are incurred by paying a visit to the Portsmouth Bi-Chemie Doctors' Portsmouth last night, which is located on the third floor of the Masonic Temple.

Men and women discouraged from long existing chronic troubles, have taken new hope upon reading of the cures of some other afflicted person.

BELGIANS' PITIFUL PLEA FOR RELIEF

Washington, Oct. 16. Munitions of the Belgian relief fund for women and children and other non-combatants of which Cardinal Gibbons is the honorary president and Mr. Havenith, the Belgian minister, is president have issued a statement saying in part: "A large part of Belgium has been devastated, prosperous towns have been destroyed. Peaceful villages have been laid waste. Thousands of people have nothing in the world left, no money, no clothes, no chance of saving a living of any sort while the invasion lasts, not a roof over their heads and no food."

"Winter is now coming on, in fact the cold weather has already begun in Belgium and the lack of food and clothing is every day more intensely felt. All contributions received by the Belgian legation or by committees being formed in various communities, will be forwarded abroad immediately so that the suffering of some, at least, may be relieved."

War Shuts Out Diamonds
Prices to Go Up---

Importers throughout the country are really worried because they cannot supply the demand for diamonds owing to the cessation of diamond importations due to the dreadful European war now in progress. Our establishment was fortunate in having secured a splendid stock of diamonds just before the war.

We bought these diamonds at low prices, and are allowing our customers to take advantage of this purchase. Of course we make a profit, but we are selling low in order to get your good will. The purchase of a diamond now is a good investment for you.

A good investment for you. A well bought diamond will make money for you, if you hold it for a little while. These diamonds are pure white, flawless and of unusual brilliancy. Your money back if dissatisfied at any time. Diamond Rings \$6.50 to \$500. See diamond display in window.

WESLEY HALL CLOTHING DEPARTMENT OPENS

(Contributed)
The clothing department at Wesley hall on the third floor will be open tomorrow afternoon and night, at least their cost of clothing from this time on. It will be open Wednesday and Saturday from 12:30 to 5:30 p. m. Hereafter by same poor family, it will be hundreds of second hand pieces of clothing, hats, caps, and shoes of every conceivable kind. Here are clothes for men, women and children. Much of it is nearly good as new.
It is an opportunity for people needing cheap clothing for the winter to fit themselves and families out. The prices range from 5 cents up.
Last Wednesday afternoon this sale was largely attended and many pieces of clothing was purchased by the visitors. The profits of these sales go in charity. It would be well if hundreds of families, both rich and poor, in the city, would get interested in the good work at Wesley hall. If those who are able would contribute at least their cost of clothing, hats, shoes, old carpets, rugs, from this time on. It will be open Wednesday and Saturday from 12:30 to 5:30 p. m. Hereafter by same poor family, it will be hundreds of second hand pieces of clothing, hats, caps, and shoes of every conceivable kind. Here are clothes for men, women and children. Much of it is nearly good as new.
The girls' Sewing Class at their hall will meet at 2 p. m. Saturday. This is for girls from 6 to 12 years old. Parents, send your girls to us.

SUFFRAGE MEETING TO BE AT THE CHRISTIAN CHURCH

Mrs. Myron T. Vance of Cleveland, and Rose Livingstone, of New York, who will be here next Monday under the auspices of the Ohio Woman's Suffrage association, will speak at the First Christian church at 2:30 p. m. It has been arranged also for an evening meeting for Mrs. Vance at Fifth and Chillicothe at 7:30, and if the weather is inclement this meeting likewise will be transferred to the Christian church.

Mrs. Vance has had a varied experience. Born in Detroit, educated in Canada, having lived in Europe, and having engaged in work of various kinds, from newspaper reporting and settlement in New York, to singing in a stock opera company, and keeping house for her father and brother from early girlhood, her mother having died when she was but two months old, the problems and responsibilities of life have presented themselves to her in many ways. Always a suffragist as a matter of simple justice, she early recognized woman's need of the ballot as a matter of self protection and as a means of service to the State.

Mrs. Vance's most distinguished qualities are her keen appreciation of justice and her unflinching sense of humor. Nothing is so difficult, so perplexing or so hopeless that she cannot find something funny in it, and her attempt to see every question from the point of view of her opponent—these two things make her peculiarly valuable in her active work for votes for women.

Mr. and Mrs. Paul Higgins of Sciotoville, are the proud parents of a baby son. Mr. Higgins is employed as electrician at the Portsmouth steel plant.

WILL SHIP GOODS

Neudorfer and Silens, wholesale grocers, and Leblanc and Jordan, commission merchants, will send a car of goods to their customers at New Boston once a week. They have had wagons and auto trucks making daily trips to the village but the wretched condition of Gallia pike has forced them to discontinue their daily trips.

George Betts, who has been seriously ill with kidney trouble at his home near Mackay, Ky., is reported no better.

A War-Proof Investment
Many kinds of bonds and securities have been affected by the European war and declined seriously in dividends and values.
There is fortunately one sort of investment that the general disarranged business conditions have not touched and that is a savings account in our bank. The principal is always adding to the value thereof.
Nothing in fact so much shows the wisdom of having a savings account as a war. It provides for the unforeseen that such contingencies bring, it gives you something to fall back on, an anchor in time of stress.
There is no more opportune time to start a savings account than right now. If you can make up your mind to put aside something regularly under present conditions, you can put aside more when world wide conditions get back to normal.
We'll start you with as little as a dollar and compound interest thereon three times a year.

THINK HARD

It Pays to Think About Food.
The unthinking life some people lead often causes trouble and sickness, illustrated in the experience of this lady.

"About four years ago I suffered dreadfully from indigestion, always having eaten whatever I liked, not thinking of the digestive qualities. This indigestion caused palpitation of the heart so badly I could scarcely walk up a flight of stairs without stopping to regain breath and strength.

"I became alarmed and tried dieting, wore my clothes very loose, and used other remedies, but found no relief.

"Hearing of the virtues of Grape-Nuts and Postum, I commenced using them in place of my usual breakfast of coffee, cakes or hot biscuits, and in one week's time I was relieved of sour stomach and other ills attending indigestion." In a month's time my heart was performing its functions naturally and I could climb stairs and hills and walk long distances.

"I gained ten pounds in this short time, and my skin became clear and I completely regained my health and strength. A constant use of Grape-Nuts and Postum for I feel that I owe my good health entirely to their use.

"I like the delicious flavor of Grape-Nuts and by making Postum according to directions, it tastes similar to milk high grade coffee." Name given by Postum plant was the work of hoboes.

Chief McCarthy and officer Cooper rounded up a half dozen hoboes in the vicinity of N. & W. camp cars at Spring Lane, and made them "hit the tin" Friday morning. The chief is inclined to believe that the attempted safe blowing job at the Standard oil plant was the work of hoboes.

MERCHANTS PLAN FOR PEERLESS PORTSMOUTH EMPIRE

VISITS WILL BE MADE TO BOOST COMMUNITY

"I most heartily endorse 'The Portsmouth Empire' suggestion made in Thursday night's Times," said Charles Diederich, president of the Retail Merchants' association Friday.

"It is just what has long been needed a permanent organization whose aim would be to bring the farmer and merchant in closer touch with each other. A better understanding between these two elements, essential to the success of any community would unquestionably result in mutual good," continued Mr. Diederich.

"This idea of inviting the country folk to share in the Korn Karival festivities and to take part in its business affairs is a splendid one. Too much consideration cannot be shown the farmer."

It is a spirit of this kind, which properly kindled will cause the whole Portsmouth community to grow.

"The creation of the Portsmouth Empire would give everybody with the prerogative to boost. Boosting would then be reduced to a science in the River City and surrounding country. It would provide for yearly excursions into all the adjacent cities and much good would result from these boosting expeditions. The Portsmouth Empire, the nearby towns would no doubt catch the fever and the result would be that each town would get its full quota of boosting from trips of this character."

There is what a number of other leading citizens had to say relative to the formation of the Portsmouth Empire:

Will H. Hart: "Just the thing to round out the Korn Karival. The idea is a splendid one."

Henry Payne: "I am for anything that will boost Portsmouth and the Korn Karival. These out-of-town advertising junkets are just the thing."

St. Strauss: "Keeping the boosting humor hitting all the time. An all year round booster helps any city. Keep boosting."

L. P. Haldeman: "The Portsmouth Empire is a fine suggestion. I read your article on it with interest. Let's all boost."

Albert Zoellner: "Of course we should have an organization like the Portsmouth Empire. It's a good thing. The Karival was a big success because we had lots of out of town assistance."

Petix Haas: "Just the right thing for the town. It will boost Portsmouth and cement a friend-

lier relation between the merchant and business man."

Henry Athas: "The Portsmouth Empire sounds fine. The entire community should boost it. It's aims are in keeping with the city's boosting spirit."

Charley Hall: "You were right when you said that anything that boosts the farmer boosts Portsmouth. Keep boosting is my motto."

Arthur Bode: "The idea to establish a Portsmouth Empire is a dandy. Enroll my name in its membership."

Ben Harris: "Such an organization would provide for the permanent success of the Karival. Let's celebrate the Portsmouth Empire jointly with the Karival."

Isador Goodman: "Such an organization is needed to boost the Karival. All these side trips have the effect of giving the Karival wholesome publicity."

LABORATORY CLOSED

The branch laboratory of the United States Public Health Department, which has been located in the First National bank building, has been ordered closed and Dr. H. R. Cobbitt expects to ship his material to Washington Monday.

Governmental laboratories were established all along the Ohio river to establish the source of pollution. Dr. Cobbitt stated Friday that from eight to ten examinations of Ohio river water were made here every day the past year.

AUTO WAS WRECKED

Enroute to this city from Lucasville Thursday evening W. H. Harsha's automobile was badly damaged when it ran off the road three miles north of the city. The right front wheel was torn off, a fender was damaged and the front axle bent. No one was hurt. The steering gear went wrong, which is blamed for the accident. The machine was taken to the Friel garage for repairs.

Rev. Robertson Accepts Call At Fulton, N. York

Rev. Charles S. Robertson, who for the past six years has been pastor of the Second Presbyterian church, has accepted a call to the First Presbyterian church at Fulton, N. Y. He left Friday for Fulton as he is engaged to deliver the first sermon to his new congregation Sunday.

Rev. Robertson, before taking his departure from the River City, was given a liberal purse by officers of his church in recognition of his faithful services as pastor of the local church. He is a very scholarly minister and while occupying the local pulpit has made a profound impression. He takes charge of one of the oldest churches in New York State and his many friends here wish him unlimited success in his new field. He is splendidly equipped to meet any demand his new flock may make upon him, being thoroughly capable, successful and commercial minister. He and his family leave a host of friends in Portsmouth.

It was Rev. Robertson who instituted the building of the magnificent Second Presbyterian church, which in a measure is a monument to his indefatigable efforts, industry and sincerity.

Rev. Robertson came from Columbus, Ohio, six years ago and has occupied the pulpit of the Second Presbyterian church ever since. He has been very active in church circles outside his own church and his efforts have stamped him as an energetic worker in the interests of the church.

Accompanied by his family he left Friday afternoon for Fulton, with the best wishes of his congregation and a wide circle of friends in Portsmouth.

SILLIMAN SAYS PEACE IS NEARING

Vern Cruz, Oct. 16 John R. Silliman, who was sent to Mexico by President Wilson to do what he could to restore harmony among the factions and aid in establishing the new provisional government, arrived here today. Mr. Silliman expects to go to Mexico City tomorrow.

An optimistic view of Mexico's immediate future is taken by Mr. Silliman who expressed the belief that revolutionary conditions would disappear as soon as the convention of leaders had an agreement.

Henrietta Crossman
Columbia Tonight

Henrietta Crossman, one of the most talented of American actresses makes her first appearance in motion pictures this evening in the famous motion picture, "The Unwelcome Mrs. Hatch." This is a most beautiful story of mother love and sacrifice, and as a play was one of the most successful for several seasons.

As a play it is pronounced one of the greatest as well as one of the most beautiful and interesting of the many successes of The Famous Players and exhibitors all over the country claim that it is the very best production that has yet been offered.

Just think of an opportunity to see Henrietta Crossman playing one of her greatest successes in motion pictures. You simply can't afford to miss this real treat in pictures. Come early and avoid waiting. First show at 6:30, then 7:30, 8:30 and 9:30.

Brady's Theatre

So numerous were the requests of East Enders to see the Korn Karival pictures and Excelesior shoe factory in operation, that Manager Brady of Brady's theatre, Eleventh and Lawson streets, has decided to give a Saturday matinee.

The Karival pictures will be exhibited tonight in connection with the three reel feature, "Braunsford In Arcadia." Eugene Manders Rhodes is the author of the latter. It is running in serial in the Saturday Evening Post.

At The Exhibit

Manager Law of the Exhibit has secured another gripping feature for today. "In the Nick of Time" is a two reel picture that will hold you spellbound with its thrilling incidents and during scenes. A picture that everybody ought to see. Saturday is his feature day and a four reel entitled "The Price of Crime" is booked for that day. It is an exciting drama bound to please.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the food, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When this little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good inside cleansing should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup company."

SAID WIFE TOOK BUGGY RIDES WITH OTHER MEN

Ben Hughes of Mill street complained to the mayor Thursday evening that Frank Ray had taken his wife out buggy riding going to Friendship and other west side places with her.

Ray happened to be in the mayor's office when the complaint was received. He assured the mayor that he was perfectly innocent of any wrong doing, having taken the woman out driving upon her own request. He said he was unaware of the fact that she was married. The woman when questioned by the mayor admitted

that she had asked Ray to take her out and that she did not tell him she was married. She and Hughes separated recently. Joe Weber a divorced husband of the woman reported to the police during the Korn Karival that she was taking buggy rides with other men.

Charles Saunders failed to appear in police court Friday in prosecute Charles Justice, who he charged with carrying a concealed weapon, and Mayor Friel accordingly dismissed the case. Saunders will have to pay the costs.

Two Suits Filed

Two more suits were filed in common pleas court Friday afternoon by Attorneys Blair and Kieble in behalf of the Farmers' Bank of Seneca against J. E. and M. M. Wickerman of Adams county, to recover judgment on two promissory notes, one for \$700.00 and the other for \$422.84.

Attorney Harry Ball, representing the defendants, confessed judgment for them for the full amount, as in the case of the three similar suits filed Thursday.

Home Rule Jottings No. 2

Don't forget to hear Rev. W. A. Wasson at the Home Rule Tent on Sunday at 2 o'clock. We print a comment on his work entitled "Religion and Drink."

"SOME NUTS TO CRACK"

It is startling to be told that the first act of Jesus' public ministry was the making and serving of alcoholic wine and that His last act, on the cross, was the drinking of alcoholic wine, writes the Rev. W. A. Wasson in his just issued book, "Religion and Drink." Again, it can be true that Martin Luther and his wife ran a private brewery, and that he declared alcoholic drink to rank next to the Lord's prayer and a good heart as a soldier in trouble! Equally startling are the drinking habits and drinking principles that the writer imputes to the fathers of Methodism. If his citations are correct, John Wesley pronounced alcoholic wine "one of the noblest cordials in nature." He gave up its use, indeed, for two years in his early ministry as an act of self-denial. But as soon as he found that people misinterpreted his motive, supposing his abstemiousness to be a matter of principle, Wesley promptly resumed drink, to prove that it was not a matter of principle. "Christinity," he said, "does not require abstinence," and he continued the use of alcoholic wine and beer (according to Dr. Wasson) to the end of his long life. His brother Charles Wesley likewise.

The Rev. George Whitefield, the greatest of Methodist preachers, severely denounced the prohibition of rum in Georgia. When starting on a voyage, he gratefully accepted a supply of wine and ale. Thomas Coke, the first bishop of Methodism, complains in his journal that drinking sailors had abstracted sundry "bottles of excellent old rum" that his friends had given him. Bishop Francis Asbury, the father of American Methodism, is quoted by Dr. Wasson as preaching in a sermon: "It is proper to drink, but not to excess." If all this is correct, the curious result follows that the Wesleys, Coke, Whitefield and Asbury could not be received today in the membership of any church in the denomination that they founded.

The Ohio State Federation of Labor convention at Youngstown overwhelmingly endorsed Home Rule Amendment yesterday, and went on record against State-wide Prohibition.

The level-headed workmanman is surely standing up for his rights, and is not being caught by the hysterical appeals of the prohibitionists.

Hon. Charles Wimmel, former State Labor Commissioner will speak at the Home Rule tent, Tuesday at 8 p. m. Mr. Wimmel will speak on Home Rule and Prohibition from the standpoint of the workmanman. Mr. Wimmel was a delegate to the Youngstown convention of the State Federation of Labor, which repudiated Prohibition and endorsed Home Rule yesterday, and his speech will therefore be full of interest. Don't fail to hear him.

301,062 voters of Ohio signed the Home Rule petition. This represents at least one-third of the last Presidential vote of Ohio, and it did not take long to secure them either. Straws show which way the wind blows.

We offer the following as real Home Rule examples, as far as the liquor question in Ohio is concerned:

Five Counties, Clinton, Geauga, Harrison, Highland and Morgan Counties all voted dry under the municipal and township laws before the County Option Law passed. They had full freedom of choice under these two Home Rule Local Option Laws. The Home Rule Amendment provides for similar freedom of choice in all of the counties in Ohio. That's fair isn't it? Vote for it.

Go to our tent meetings. The next one is on Sunday, October 18th at 2 o'clock. On Tuesday Charles H. Wimmel, Labor Leader, will speak. On Thursday Dr. F. E. Lloyd, late member of the Illinois legislature will be at the tent. Dr. Lloyd is a member of the Progressive party and is noted in his home state for his eloquent upholding of progressive principles. Dr. Lloyd is opposed to prohibition and all that it stands for. Be sure to hear him.

When you go to the polls on November 3rd, you will be handed a separate ballot containing the constitutional amendments. Be sure to vote "YES" on the first (Home Rule) Amendment and "NO" on the last (State Wide Prohibition) Amendment.

THE MARKETS

Chicago, Oct. 16. Wheat bul-
led in price today owing to
higher quotation at Liverpool and
because of yesterday's large ex-
port sales on this side of the At-
lantic. After opening 1-8 to 3-4
higher, the market receded to
last night's level. Wet weather
proved only a temporary source
of firmness in corn. A majority
of pit speculators were on the
selling side. The opening which
ranged from 1-8 to 1-4 to 3-8
higher, was followed by a decided
general decline.

Cats held comparatively steady.
Shorts did most of the buying.
Figures confirming reports of
a big decrease in the Chicago
stock of hard gave support to pro-
visions. Trading, though was in-
active.

Fresh export demand of large
proportions in wheat led after-
ward to a sharp rebound in prices.
The close was steady at 1 to 1 1/2
net advance.

Subsequently the market re-
ceded, influenced to some extent by
a material improvement in the
cash demand. The close was
steady 1/2 to 1, and 1/2 above last
night.

YEGGMEN RAID AN OFFICE; BLAMED FOR FIRES

ATTEMPT MADE TO ROB THE STANDARD OIL COMPANY'S SAFE

What may have been the same gang of "yegg-men" that successfully raided several places at Peebles, Adams county, Wednesday night, made an ineffectual attempt to rob the Standard Oil company's office near Fifth and Jefferson streets Thursday night.

The cracksmen were disappointed in finding the company's big iron safe empty and its door open. That they must have been frightened away is evident from the paraphernalia they left behind, including a wet blanket intended for deadening the noise of an explosion, a bar of soap for filling the cracks and holes, a sledge hammer, five dynamite fuses with caps attached, a steel brace and bit and a small empty tin bucket which from the melted grease showed they had worked by candle light.

The Prudent Man Is The Man Who Wins

THERE need be no fear for the "rainy day" if wage earners exercise a little prudence. Laying aside a little each week will solve the problem for the future. The man who counts is the man who scores when he has the earning capacity. To be independent is an easy matter if one but stops and thinks. Going along through life in a hap-hazard manner, spending all one earns is bound to bring sorrow and want in the days when nature refuses longer to produce the necessary energy and you have to step down for one of less years.

And you don't know until you experience it how much joy comes from being saving, careful of your wages---seeing 'em grow into a nice account!

We are always at your service, we are accommodating and willing to help those who help themselves. Open an account here and let us help you along financially.

WEST END NEWS

It is thought by many that the two mysterious fires early Friday morning details of which are given elsewhere, were the work of "fire bugs" and were probably started to divert attention from any noise the robber gang might cause had they blown the safe at the Standard Oil company's office.

Had Come From Scioto Bottoms.

Foot prints of two men plainly traceable in the wet ground showed the robbers had invaded the Standard Oil company's premises from the Scioto bottoms and dumped in the same direction which strengthens the belief that they are the same who operated at Peebles.

Entrance to the oil company's office was gained by breaking a hole in the upper pane of a window on the west side of the office large enough for a man to place his hand through and remove the prop which held the lower sash fast.

All Blinds Pulled Down.

The discovery was made by D. C. Jenkins, the company's local agent, when he reported for duty early Friday morning. He was attracted to the sight by all of the window blinds being pulled down. An investigation soon showed a window on the north or rear side of the office raised. It was through this window that the robbers escaped. The sledge hammer, bladed and tin barrel lay on the floor while the fuses and brace and bit were on a table next to the big safe. The bar of soap was found near the back fence, which the robbers sealed in leaving the premises.

Millison Saw Suspicious Men.

John Millison, who was on duty at the Interstate Transfer company's barn Thursday night, believes the three strangers he saw loitering about that vicinity about 11:15 were the robbers. They had been in Albert Maier's Lion cafe and stood outside talking in low tones for some time then separated. All were well dressed. The one who wore a checked cap carried a split barrel containing about ten bottles of whiskey he had purchased in the saloon. Another in dark clothes carried a yellow suit case while the third, who wore a brown suit and black felt hat, carried a hand bag. Two of them walked down Market street. The third stood around for some time seemingly surveying the neighborhood then also started down Market street. Millison says he saw the one wearing a brown suit and who was the smallest of the trio board N. & W. passenger train No. 4 some time later, the train running late Thursday night.

Heard Shots About Midnight.

Persons in that vicinity now connect the firing of shots heard about midnight to the attempted robbery. Officer Frank Emmett had just stepped into the Maier cafe to see that preparations were being made to close for the night when startled by the shots. He and bartender Frank Schaeffer rushed outside. The shots they thought were fired near Fourth

and Jefferson streets. Officer Emmett investigated but without result.

Wants City to Get Bloodhounds.

Chief McCarthy and Officer Cooper who investigated the attempted robbery at the oil company's office both deplored the fact that there were no blood hounds available to track the gang. The conditions for good work on the part of the dogs would not be more perfect.

Chief McCarthy may recommend to the public safety department that a pair of blood hounds be purchased as they would prove invaluable to the city for just such emergencies.

Officer Cooper, detailed from police headquarters to investigate the case, discovered that the same suspicious characters seen in four of Al Maier's place were watched by several women living near the Interstate barns. Late at night they met in the cul and talked in whispers. One of the trio it is claimed asked Douglas Jewett, a B. & O. coach cleaner, what time they could catch a freight train out of the city.

Another party is said to have seen one of the trio board N. & W. train No. 4 Friday morning.

The yeggs who made an attempt to crack the Standard Oil company's safe Thursday night broke into the Interstate company's tool house where they obtained the tools with which they broke into the oil company's office.

CORN CROP SAFE

The rise in the Scioto river slackened up considerably Friday and all danger of the lowlands being submerged and much of the corn crop being inundated is dispelled for the present. The rains in vicinity of Waverly, Chillicothe and Circleville were not as heavy as recorded here.

New Boston First To Secure Pure Water

The residents of New Boston are the first to use water from the new reservoir and Portsmouth's new water works. Cattle pens, restaurant keepers, and Harry Smith, barber have the distinction of being the first users of the water. The work of laying the village line will be completed within two weeks, which will supply all business houses along Gallia pike.

RUSH WORK ON PARSONAGE

The work on the new Baptist parsonage at New Boston was moving along at a nice clip when stopped by the rain. Rev. Pearl Hughes moved Thursday from 181 East Rhodes avenue to the home of Charles Burcham at 217 East Rhodes avenue. He will live here until the new parsonage is completed.

Tigers Have Booked A Game For Sunday

The Tigers have booked a football game with the city All-Collegians for Sunday at Millbrook park following the benefit ball game. The game at Wellston last Sunday was postponed on account of rain. The Tigers have the following men in their lineup: John Emmert, Will Gibbs, John Trapp, J. Culver, Aldridge, Frank and Sam Sommers, Charles Dorf, Will Dorf and Ben Harringer.

Want Freight Car On Street Railway

The majority of the business men of the Gilbert Grocery Company of New Boston are of the opinion that it would be a paying proposition to have a freight car run to the village each day on the street railway tracks while the pike is in such a deplorable condition. The subject has been approached several times, but nothing definite was ever done along this line. The business men are very well pleased with the

GLASS OF SALTS CLEANS KIDNEYS

If your back is aching or bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jael Salts, take a tablespoonful in a glass of water three or four times each day. For a few days and your kidneys will not feel sore. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urines so it no longer is a source of irritation, thus ending bladder weakness.

Jael Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Improvements Being Made

Improvements are still being made at the Irving Drive factory on Eleventh street. A system for alleyway on the west side of the new addition has been paved and the old alley on the east side is torn up, being ready for the relaying of the brick. The alley on the east side of the building and a run building and on the west side of the shoe factory near Tenth street, is also being paved.

Squire At Home

Squire Will McManes of New Boston has returned from a few days' business trip to Ashland, Ky.

POSTPONED

RAIN STOPS PAVING

The paving in the East End was rapidly nearing completion when the rain put a stop to the work. The paving of a square of Lincoln street, from Eighth to Seventh, had been completed. A ground filler is being used on this newly paved thoroughfare. A few days of good weather will see the Lincoln street job completed and the street ready to use.

All is in readiness for the pouring of concrete on Tenth street, from Lincoln street to The Ice Cream and Bottling Works. It will take but a short time to do this job as the street is only two squares long. All streets paved in the East End this year are not over three squares in length.

8TH ANNUAL HOME COMING SALE

OF THE ATLAS COMPANY

Just eight years ago Mr. Atlas returned to this, his native city, after three years absence in Dayton, Ohio. While there he discovered what is now a self-evident fact: That there is no place on earth like Portsmouth. He had been in business in Portsmouth quite a number of years previous to this, conducting the old Parisian store on Second street and was mighty glad to get back. As is customary, we celebrate this return to "God's country" every year with a "Home Coming Sale", in which bargains are rampant and prices are as low as in our January Clearance Sale. It will pay people living in Adams, Pike, Jackson, Lawrence, Lewis, Greenup and Scioto counties, as well as those in the city to attend this sale. It will be worth your time and money.

We have spent weeks and money in preparation of this sale. We wanted to give the people something to talk about and remember. Now we are going to demonstrate to you that we have succeeded in placing before you the greatest bargains ever known in the history of this good old town.

SALE STARTS SATURDAY, OCTOBER 17TH!

Home Rule League Plans Street Talks

Samuel Harlow, William Abrahams, and others addressed a meeting of the new Home Rule League at a meeting held at the League headquarters on Market street Thursday evening, which was well attended.

At this meeting it was decided to hold street meetings in the city from now on until election in favor of the Home Rule amendment. It was also decided to secure a prominent speaker to address the next meeting of the League, which will be held some time next week.

License Not Transferable.

C. Adkins, of the Greensboro, Ky., called on the mayor Tuesday with a view to having his bartender license transferred to Mose Gilkerson. The mayor told him that the licenses are not transferable. It developed from Adkins' statement that he had paid \$10 for a license even though he raised the melons, beans and other produce he had peddled in the city. This was due to his ignorance of the law which exempts those who raise their own produce.

SIMPLY BREATHE IT

That's the Way You Use Hyomei, the Safe Catarrh Remedy.

The most pleasant, easiest, and the really sensible method for the cure of catarrh is Hyomei, which can be had from any drug store. Just put twenty drops of the liquid in the small chamber that comes with every complete outfit, then breathe it. A few minutes' use almost instantly clears the head and stops that annoying sniffling.

When using Hyomei every particle of air that enters the breathing organs is charged with an antiseptic, healing bacteria that destroys the catarrh germs stops the mucous discharges from the nose, relieves the irritation and quickly heals the sore and inflamed tissues. The first day's use of Hyomei will show a decided improvement no matter how distressing the trouble.

Catarrh, which usually begins with a neglected cold, often becomes a very serious ailment, so don't wait but start using Hyomei today. It is inexpensive and works fast, always sells it on the "No-cure-no-pay" plan.

HAVE YOU NEURASTHENIA?

Neurasthenia is a condition of exhaustion of the nervous system. The causes are varied. Continuous work, mental or physical, without proper vacation periods, without proper attention to diet and exercise, also worry over the struggles for success, are the most common causes. Excess of almost any kind may produce it. Some diseases, like the grip, will cause neurasthenia. So also will a severe shock, intense anxiety or grief.

The symptoms are over-sensitiveness, irritability, a disposition to worry over trifles, headache, possibly nausea. The treatment is one of nutrition of the nerve cells, requiring a non-alcoholic tonic. As the nerves get their nourishment from the blood the treatment must be directed toward building up the blood. Dr. Williams' Pink Pills act directly on the blood and with proper regulation of the diet have proved the greatest benefit in many cases of neurasthenia. A tendency to anemia, or bloodlessness, shown by most neurasthenic patients, is also corrected by these tonic pills. Your own druggist sells Dr. Williams' Pink Pills.

Two useful books, "Diseases of the Nervous System" and "What to Eat and How to Eat" will be sent freely by Dr. Williams Medicine Co., Schenectady, N. Y., if you mention this paper.

Awarded \$177.77

A verdict of \$177.77 was awarded the plaintiff in the case of Henry Waddell against Thomas E. Basham by the jury late Thursday afternoon in common pleas court. Waddell had brought suit to recover \$1000 damages for injuries alleged to have been sustained in falling into an excavation in the sidewalk in front of Basham's property in Sciotoville.

Waddell was represented by Attorney N. B. Gilliland, while Attorney Mark A. Crawford represented the defense.

MILNER, MILLER & SEARL

Portsmouth Attorneys, Give Their Opinion on the Home Rule Amendment.

Read what Milner, Miller & Searl, one of Scioto County's leading law firms has to say of the Home Rule Amendment. This firm, consisting of John C. Milner, ex-judge Court of Common Pleas; Harry W. Miller, former Solicitor of the United States Navy Department and Clinton M. Searl, all of them life long residents of this county rendered an opinion October 2nd in which they say:

The adoption of this Amendment will simply repeal the Rose County Local Option law, and make state-wide prohibition impossible except by vote of the people; but it will in no way affect the Reilly Law providing for local option in townships, the Reed Law providing for local option in municipalities, or the Jones Law providing for local option within residential districts of municipalities.

This Amendment, in our opinion, will not affect the general liquor laws of the State which are in the nature of police or regulation laws, that is to say, it can in no way affect the force and operation of the present general laws regulating the sale of intoxicating liquors to minors, to persons intoxicated, or in the habit of getting intoxicated, sales on Sunday, or sales in or near certain places in the State.

We may add, that we have carefully read the learned opinion of the Attorney General of Ohio, with which our opinion given above agrees, and believe it to be in accord with the authorities as well as with the cardinal rules of statutory and constitutional construction.

Respectfully submitted,

MILNER, MILLER & SEARL.

This MUST clear up all possible doubt as to the real meaning of the amendment.

We also wish to draw attention to the fact that the opinions secured by the Anti-Saloon League were not on the Home Rule Amendment at all, but on a twisted and garbled version prepared by the League itself.

No value can therefore attach to these opinions, as they were not rendered on the real Amendment.

The Business Men's League of Scioto County, Ohio

SAM'L HORCHOW, President.

DEMOCRATIC MEETING!

Hon. Timothy S. Hogan

candidate for United States Senator.

Hon. W. A. Inman

candidate for Congress and other speakers at

THE CLUB Fourth and Court Streets, Portsmouth, Ohio

THESE SAME SPEAKERS WILL ADDRESS THE VOTERS DURING THE DAY AT THE FOLLOWING PLACES:

Lucasville, 11:30 A. M. Harrisonville 1:30 P. M. Sciotoville, 3:00 P. M. Wheelersburg, 4:30 P. M. New Boston, 6:30 P. M. WINDING UP AT PORTSMOUTH AT 8:00 P. M. AT THE CLUB.

TONIGHT, OCTOBER 16TH, 1914

Nor shall any law hereafter be passed prohibiting the sale, furnishing or giving away of intoxicating liquors throughout the state at large.

To the People of Sri Lanka country:—

We note in *The Times* of October 14th two letters addressed to the "Scioto County Home Defenders' League," one from Judge J. W. Bannan and one from Judge A. T. Holcomb, regarding the Home Rule Amendment. We have read these letters with great interest and as they have been made public, and offered as an argument, we feel that they are open to comment.

Let us take that part of Judge Bannion's letter referring to opinions of eminent jurists, saying that the amendment will repeal the Sunday laws, sales to minor laws, etc., etc. These opinions also appear in part below Judge Bannion's letter.

Let us take that part of Judge Bannon's letter referring to opinions of eminent jurists, saying that the amendment will repeal the Sunday laws, sales to minor laws, etc., etc. These opinions also appear in part below Judge Bannon's letter.

We have repeatedly said, and without being contradicted, that these opinions were not secured on the Home Rule Amendment itself, but on a garbled version of it prepared by the Anti-Saloon League, which version has invariably accompanied these opinions.

The Home Rule Amendment provides only that no law shall be passed or be in effect that prohibits the sale of intoxicating liquor in a territory larger than a municipal corporation or a township, and that all laws in contravention are repealed. This clearly refers to the Rose County Option Law whose obnoxious operation was repudiated in Seixen county three years ago by a majority of 1322 votes of the people, and it further provides against the passage of state wide prohibition except by vote of the people.

Now take the phrase in the amendment reading "or township outside of municipal corporations therein." This wording corresponds with that of the township local option or Beatty law itself (6319 General Code.) This law calls for elections upon the petition of one-fourth of the qualified electors of a township **residing outside of a municipal corporation** to determine by ballot whether the sale of intoxicating liquor as a beverage shall be prohibited within the limits of such township and **without the limits of a municipal corporation.**

Not a word is said in the township law about townships **not** containing municipal corporations, but the Supreme Court of Ohio held that the law applied to **any** township whether it contained municipal corporations or not. See *Gordon vs. State*, 40 O. S. 601.

For this reason and for no other the wording of the township local option law was followed in the amendment. There was an exact definition of it by the Supreme Court of Ohio.

And under this same township law, Valley, Porter, Nile, Rush, Washington and other townships in this county voted dry and are still dry and none of them contain municipal corporations. We cannot agree with Judge Bampton's conclusions regarding townships.

Referring to Judge Holcomb's letter:

We cannot help but feel that Judge Hubbard did not read the amendment carefully. If he will examine the first paragraph he will note that it refers only to laws prohibiting the sale.

In stating that the section jeopardizes existing laws regarding Sunday selling, sales to minors or intoxicated persons, the learned judge fails to distinguish between **prohibitory** laws and **regulating** laws.

The former prohibit the traffic altogether, the latter are regulations for the conduct of the business where it exists.

As these latter are not treated in the Amendment, they are not under consideration and are not affected in any way. We fail further to see how Judge Holcman arrives at the conclusion that municipalities now wet remain wet forever, as there is nothing in the amendment that provides for a repeal of the Real Law which provides for wetter cities wet or dry.

Now as to the amendment: Attorney General Hogan in his opinion of August 8th says: "In arriving at the true interpretation of the amendment in question—the intent of the framers must be looked for, and such construction be given as promotes the objects sought."

We print below the official explanation of the amendment as submitted to the voters of Ohio by the Secretary of State:

This amendment proposes to repeal county option and restore real local option. All other option laws—township, municipal and residence district—and all regulatory laws are left intact.

The amendment also prohibits state-wide prohibition except by popular vote through a constitutional amendment. The power to enact state-wide prohibition, including prohibition against personal use, should not be left to legislatures, but should remain in the people. It is not enough to vote against the state-wide prohibition amendment; its defeat would still not insure Home Rule. Only by writing into the constitution a home rule provision, can freedom in personal use of liquors be safeguarded.

True local option laws are based on Home Rule. Such are township and municipal local option laws. Under them every voter may express himself on the liquor question for his own community. Each township or municipality can vote itself wet or dry, and every foot of territory in Ohio can be voted dry if the local communities so desire. No larger unit in which to hold option elections is needed or proper. In fact the very purpose of a larger unit, as embodied in the county local option law, was to take away from townships and municipalities their independent right of home rule.

Moreover, the so-called county local option law is framed as to be monstrously unfair. It provides that when the county votes dry, it shall be dry throughout; but when it votes wet, it is not wet throughout. Any township or municipality may still at any other election vote itself dry. This one-sided "option" to make wet townships and towns dry by a vote outside their own borders disorder. Inability to enforce liquor laws is generally due to violation of home-rule principles. Local sentiment is essential to law enforcement.

We believe that this explanation is sufficient guarantee of the "intent of the framers" to settle any controversy.
